REMARKS

The specification has been amended to include section titles. The claims have been amended to avoid antecedent basis objections. The abstract has been shortened such that in sum the abstract has less than 150 words. No new matter has been added. The present amendment is submitted in advance of the first Office Action in an effort to avoid objections to form.

In view of the above, each of the presently pending claims in the present application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

Dated: October 2, 2003

Respectfully submitted,
